

## Wyoming Golden Eagle Fund Full Proposal Narrative Template 2020

**Instructions:** Please complete all sections of this document. The narrative may not exceed eight pages, with a font size no smaller than 12 point; excess pages will not be reviewed. Please retain the order of the questions. To save space, you may delete these instructions as well as the instructions under each subject heading. *Please do not:* (a) remove the subject heading i.e., Problem/Solution/Program Priorities, Technical Merit, etc.; (b) place the narrative on your own letterhead or otherwise alter the template; or (c) embed links to external electronic references in the body of the narrative. When you have completed this narrative upload it back into the Easygrants online system in the “Uploads” section of the application.

**Problem/Solution/Program Priorities:** Describe: (a) the specific problem(s) to be addressed by the project; (b) how the project will help address or solve the problem and the desired result of the project (goals); and (c) why the problem and solution is relevant to the program priorities of the Wyoming Golden Eagle Fund RFP priorities.

**Technical Merit:** Provide a work plan, including: (a) a description of each major activity to be undertaken by the project and the method used to carry out that activity. The project activities narrative must be detailed enough for reviewers to make a clear connection between the activities and the project costs; and (b) a timetable indicating when activities are to be accomplished. Please see the table below; the timetable should not propose specific dates but instead group activities by month or quarter over the entire proposed project period.

Activity	Time Period (express in months or quarters)

**Conservation Outcome(s):** Please elaborate on the short-term and long-term conservation outcomes expected from the project, including what makes them achievable and important.

**Qualifications:** Describe: (a) your organization and its relevant qualifications and experience to deliver the proposed project; and (b) the roles and responsibilities of all key project participants in project delivery and their experience to deliver the project. Do not provide or upload CVs or resumes.

**Monitoring and Maintenance:** Describe the general monitoring approach that will be used to assess incremental progress during the project. If applicable, describe specific provisions for long-term maintenance, management and protection associated with project.

**Please affirm with an X:** ( ) Yes, the project has received permission from relevant landowners and has all require permits and clearances to conduct the project activities.

**Subcontractor(s):** If applicable, provide complete name and address of all subcontractors that are intended to perform activities. Note that proposed subcontractors are subject to NFWF approval.
