

Southeast Aquatics Fund 2024 Applicant Webinar

Photo by USFWS

WEBINAR INSTRUCTIONS

- We may ask you to raise your “hand” in the webinar to confirm participants can hear us.
- To improve sound quality, all participants will be muted for the duration of the webinar. If you want to ask a question you have two options:
 1. Enter your query where it says “Chat” and click send. We will type a response or read your question aloud when we pause for Q&A.
 2. Write it down and contact us after the webinar. We have a lot of material to cover, so you may prefer to have a more in-depth discussion later.
- If you experience a technical glitch, please type it into the chat, since we can’t hear you. (We may not know about the glitch unless you say something!)

**The webinar will be available for download within 48 hours at
<https://www.nfwf.org/programs/southeast-aquatics>**

AGENDA

- 2024 Southeast Aquatics Fund RFP Overview
 - Program Overview
 - Geographic Scope of the RFP
 - Actions Funded Under the RFP
 - Important Considerations
 - Eligibility
 - Timeline
- How to Apply in Easygrants
- Question and Answer

Funding Availability and Match

- **Funding Availability:** Approx. \$8.45 million
- **Typical Grant Award Range:** \$150,000 - \$500,000
- **Grant Period:** 24 – 36 months
- **Matching Contributions Requirement:** Match varies based on the source of funding. Technical Assistance requires 25% match. Private funding may require 1:1 match.

Southeast Aquatics Fund

Watershed-based restoration and management to improve the health of aquatic systems, secure populations of native freshwater aquatic species, and conserve biodiversity.

Conservation Practices:

- Restore and enhance riparian and instream habitat
- Aquatic habitat connectivity
- Private landowner outreach and technical assistance
- Improved agricultural management practices for water quantity and quality through
 - Grazing lands management
 - Practices that improve soil health
- Watershed management and planning

Funding and Implementation Partners:

Altria

Greenbreast Darter

Rainbow Shiners

The southern United States is second only to the Amazon Basin for biodiversity in the Western Hemisphere.

Longleaf Forests and Rivers Business Plan

Conserve the extraordinary aquatic biodiversity of northern Georgia and Alabama.

- Comprehensive support for aquatic conservation in finite areas.
- Focused investment to achieve outcomes and then move to other important watersheds.
- Focal species are measurable indicators of success.

Download Longleaf Forests and Rivers plan here:

<https://www.nfwf.org/sites/default/files/longleaf/Documents/longleaf-forests-rivers-business-plan.pdf>

Longleaf Forests and Rivers Business Plan

Conserve the extraordinary aquatic biodiversity of northern Georgia and Alabama.

- Comprehensive support for aquatic conservation in finite areas.
- Focused investment to achieve outcomes and then move to other important watersheds.
- Focal species are measurable indicators of success.

The 2024 grantmaking is broader than the focus of the business plan.

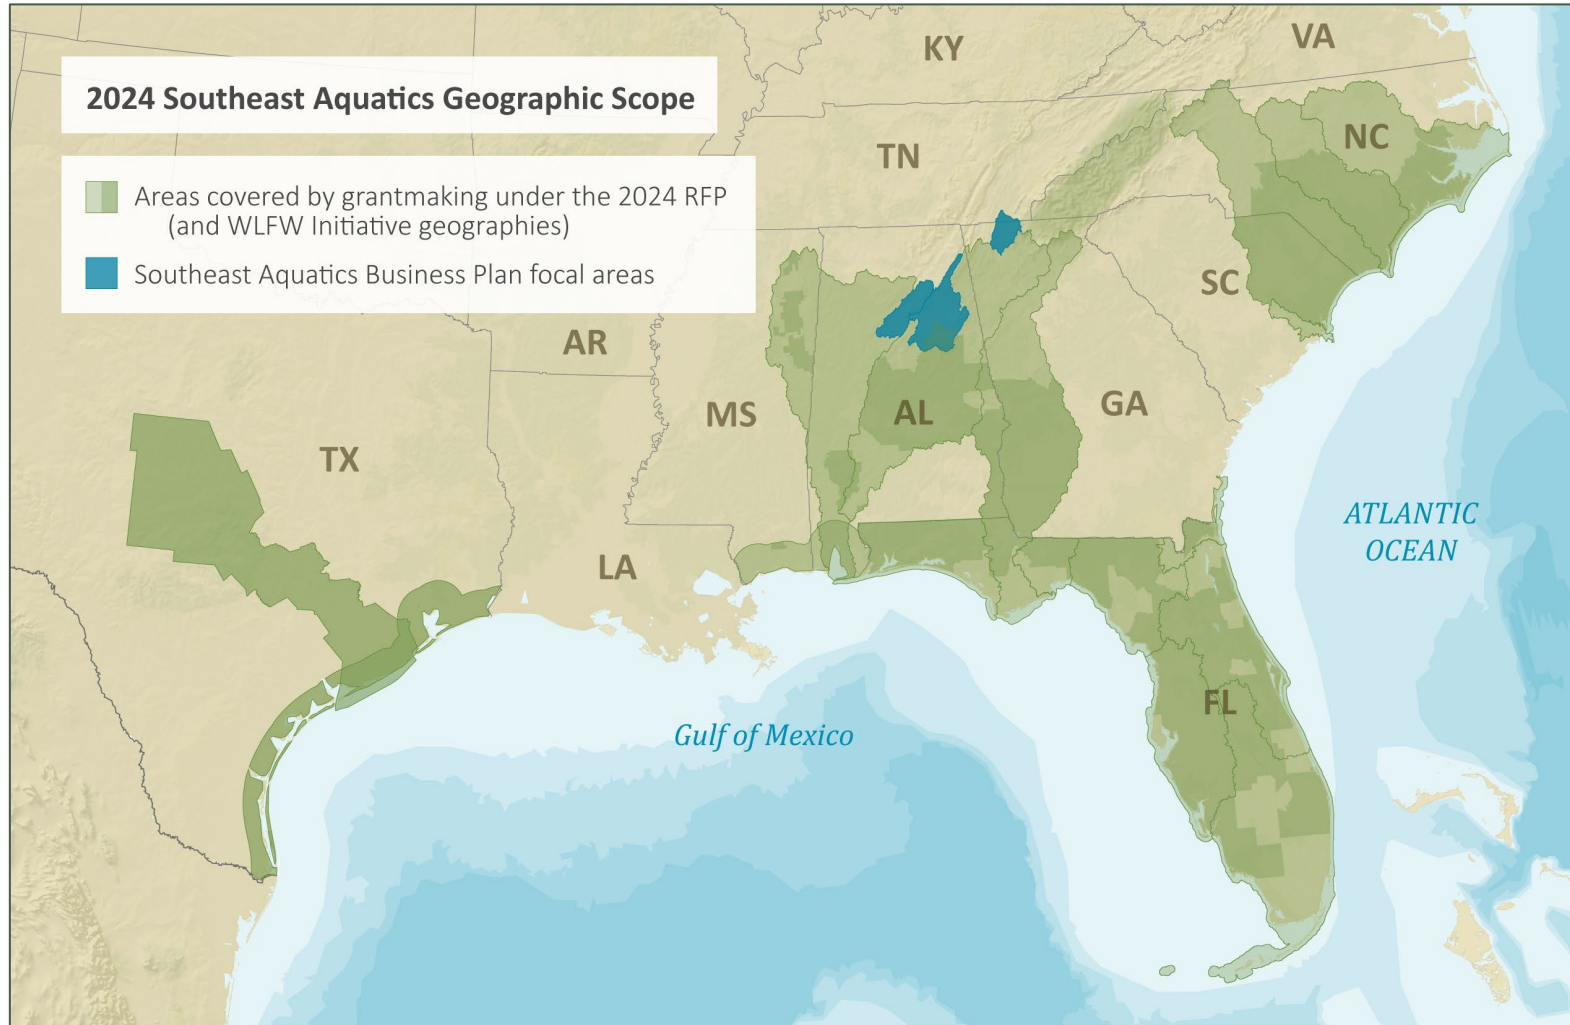

Download Longleaf Forests and Rivers plan here:

2024 Geographic Scope

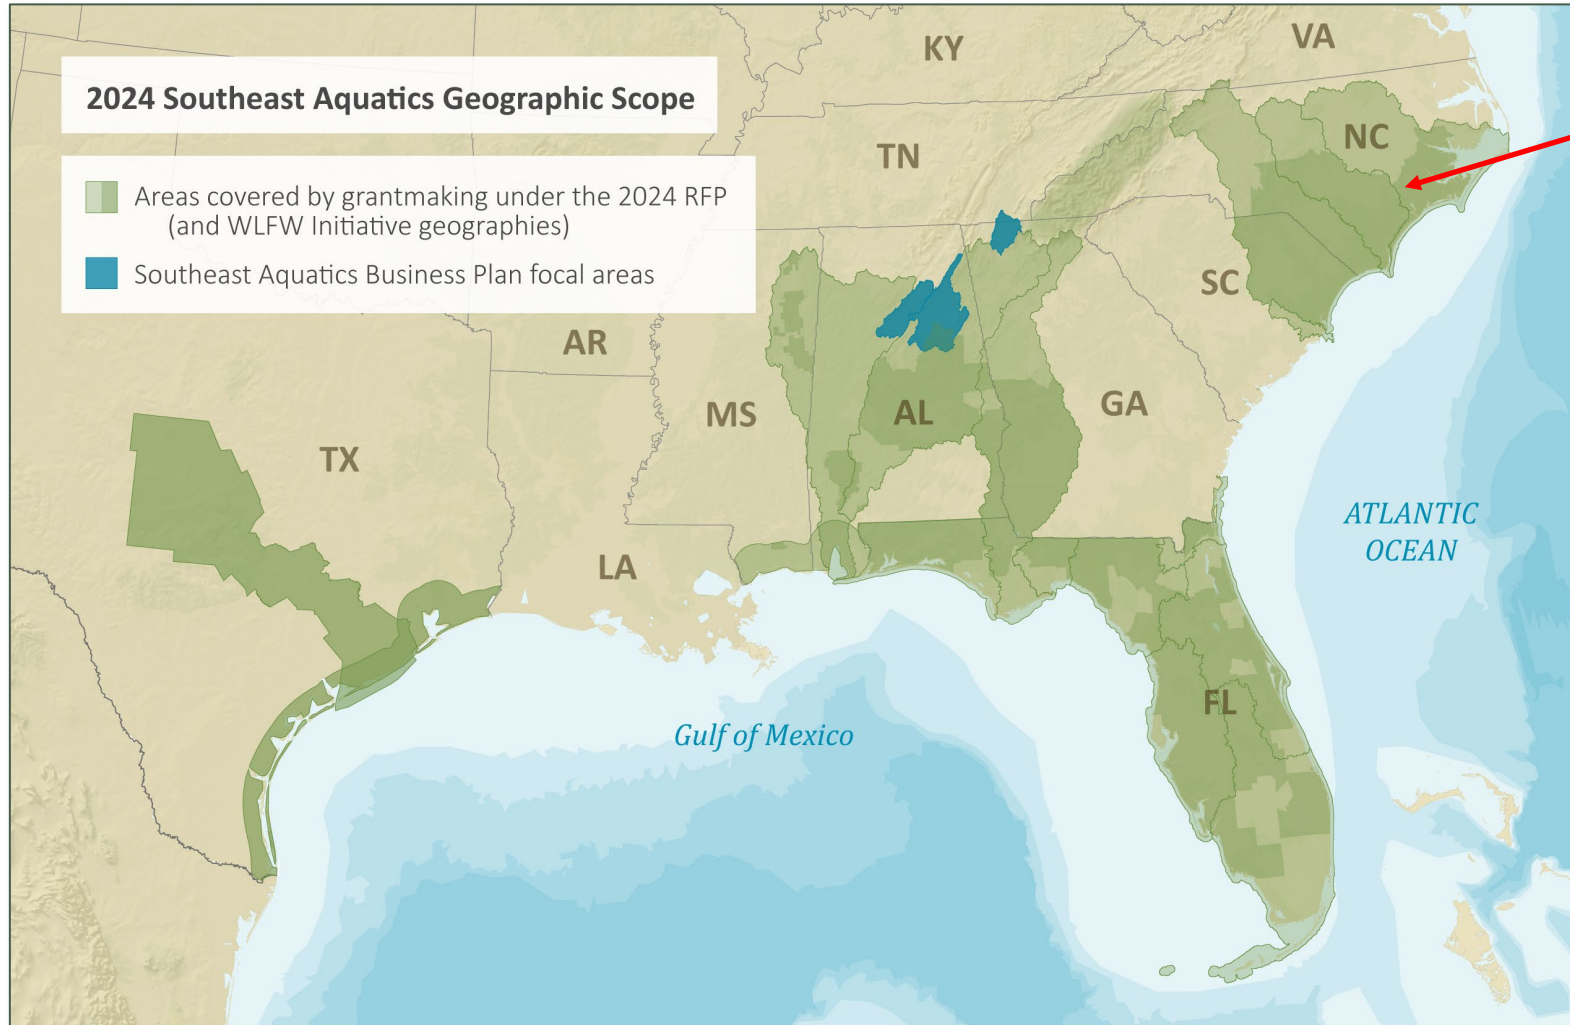

Proposals will be considered from seven geographies:

1. Neuse-Pamlico, Cape Fear and Pee Dee River Basins
2. North Carolina Appalachians
3. Florida
4. The Apalachicola-Chattahoochee-Flint (ACF) River Basin
5. The Alabama and Mobile-Tombigbee River Basins (specific watersheds)
6. Coastal Areas in Mississippi, Alabama, and Florida
7. Colorado River Basin and Coastal Areas, Texas

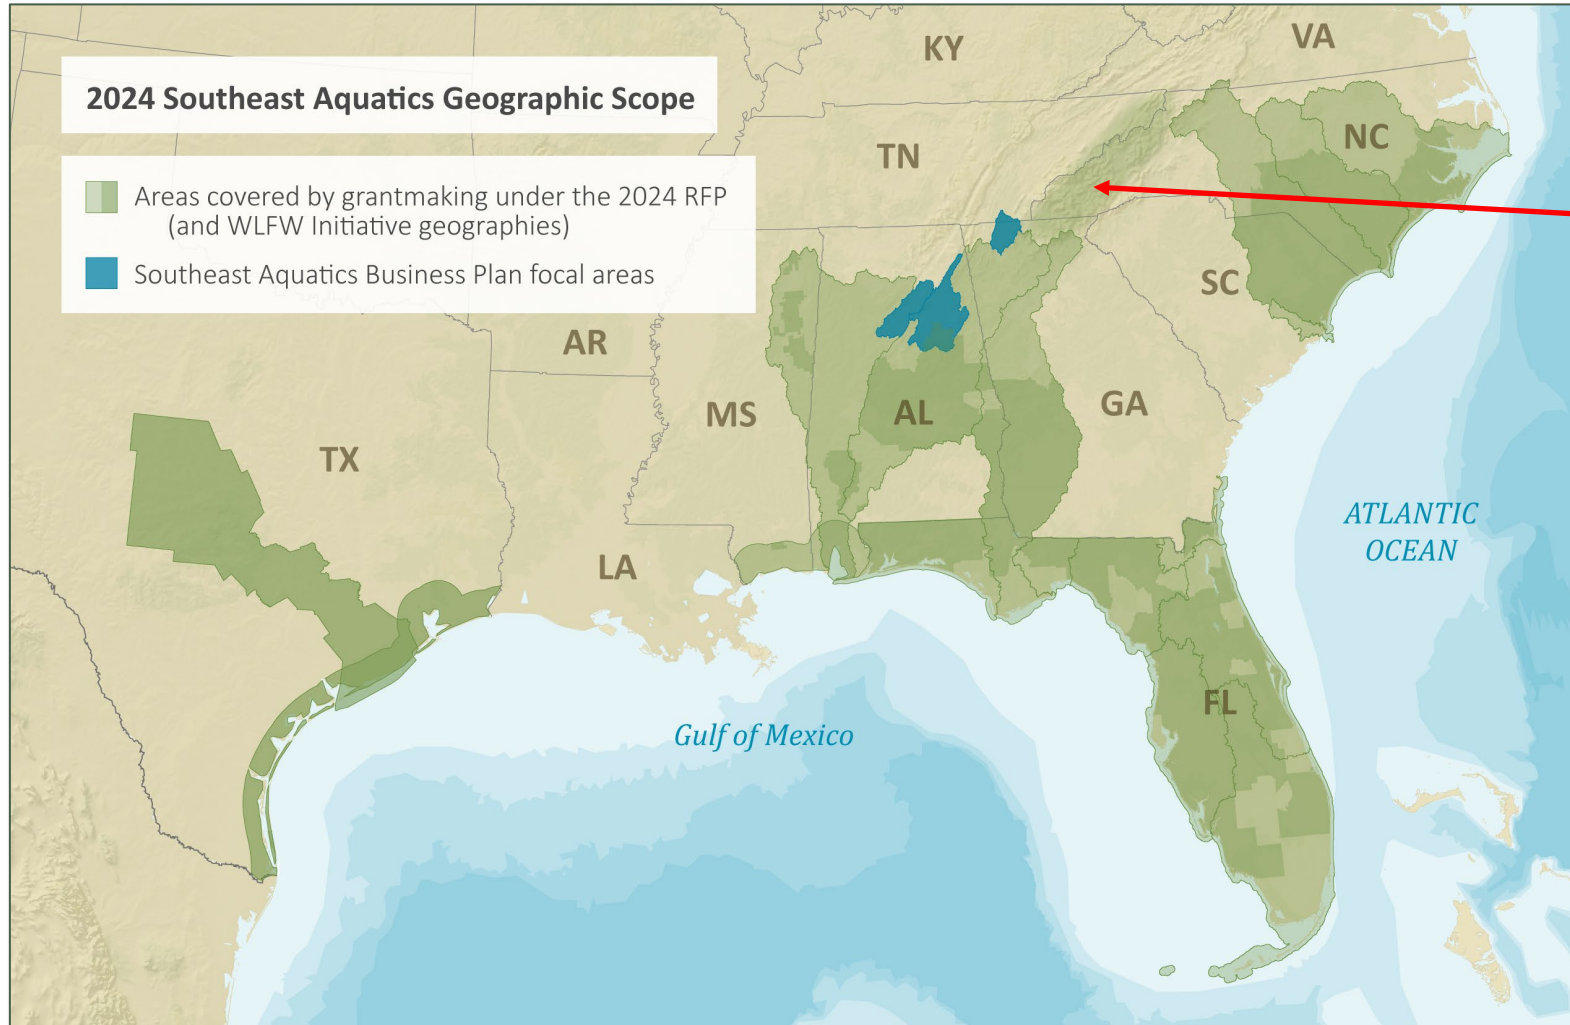

2024 Geographic Scope

Proposals will be considered from seven geographies:

1. Neuse-Pamlico, Cape Fear and Pee Dee River Basins
2. North Carolina Appalachians
3. Florida
4. The Apalachicola-Chattahoochee-Flint (ACF) River Basin
5. The Alabama and Mobile-Tombigbee River Basins (specific watersheds)
6. Coastal Areas in Mississippi, Alabama, and Florida
7. Colorado River Basin and Coastal Areas, Texas

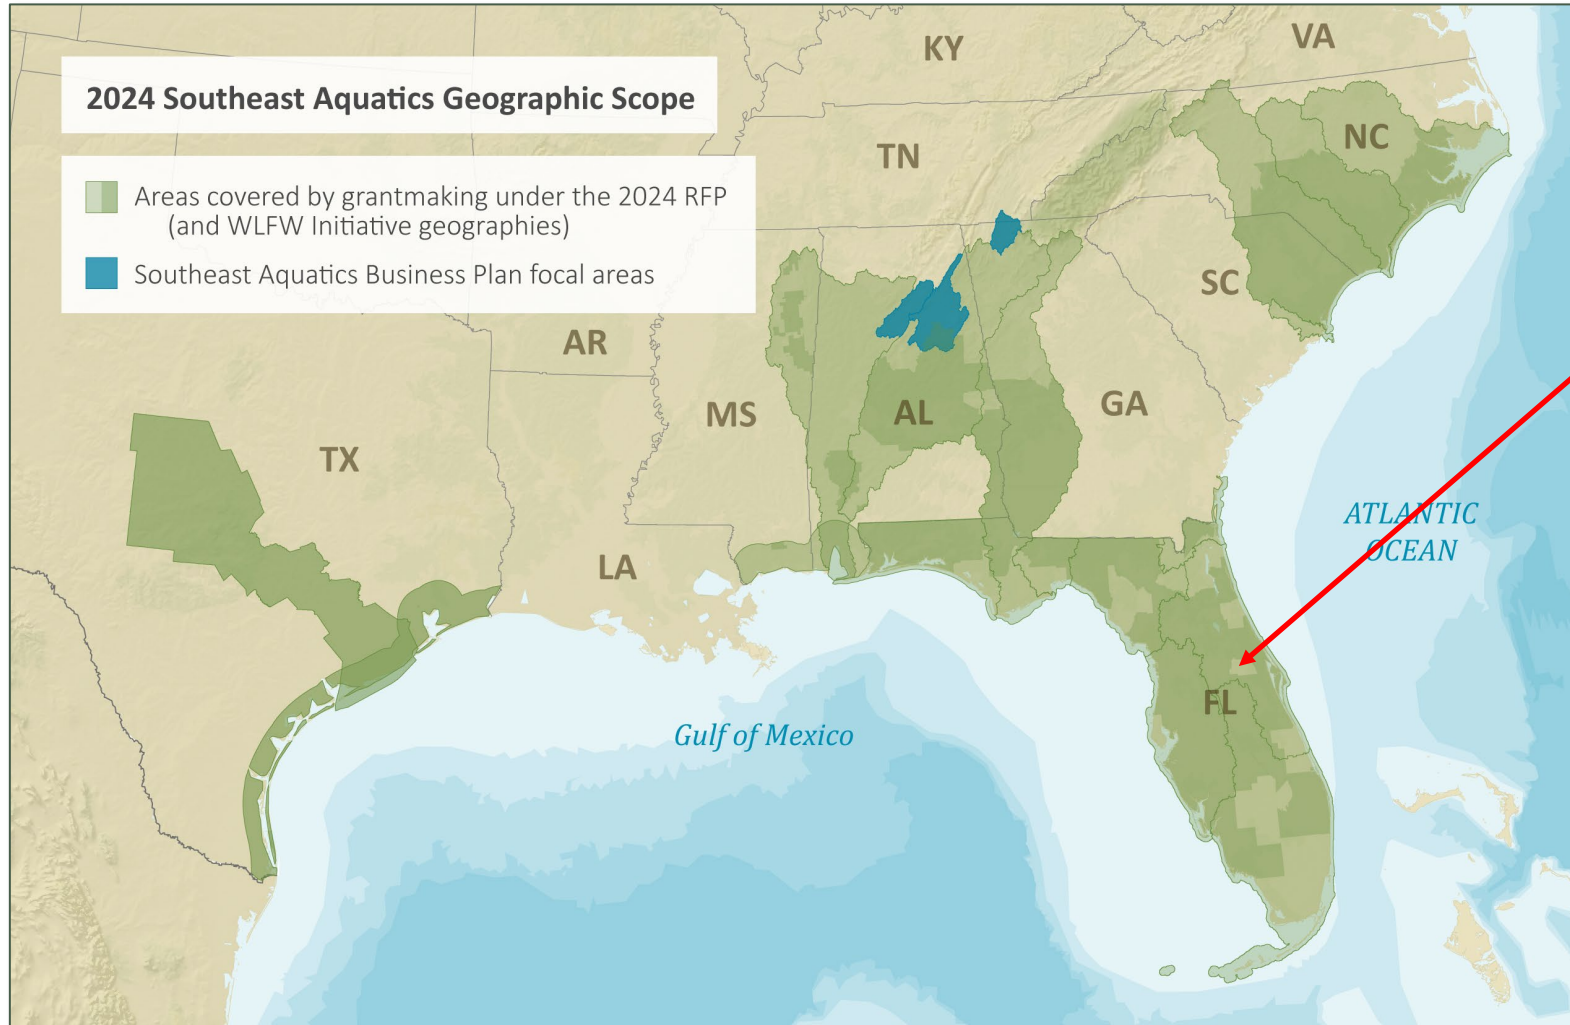

2024 Geographic Scope

Proposals will be considered from seven geographies:

1. Neuse-Pamlico, Cape Fear and Pee Dee River Basins
2. North Carolina Appalachians

Actions funded by this RFP – Technical Assistance & Outreach

Funding Source: NRCS

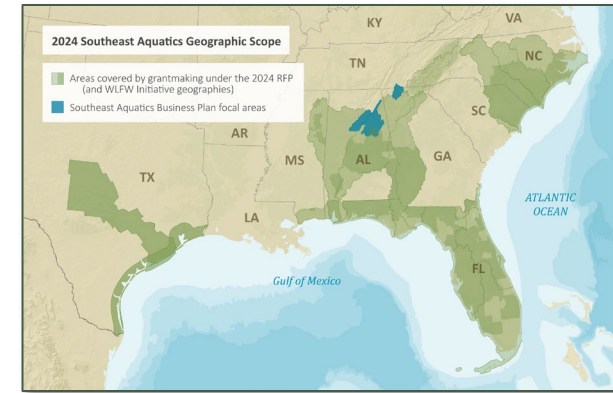

Promote climate-smart, grazing, agriculture and forestry practices with private landowners:

- Protect watershed/riparian function.
- Restore rare and declining natural communities.
- Planning for resilience.

Substantial funding is available for grasslands/pasture management.

Substantial funding is under the Working Lands for Wildlife State initiative. Refer to the link in the RFP. Northern Bobwhite, Eastern Hellbender, Conasauga Aquatic Species, and Colorado River (TX) Aquatic Species provide the framework for use of available funding.

Eligible Geographies: All shaded areas on map.

Coordinate with the State Conservationist

Actions funded by this RFP – Technical Assistance & Outreach

Technical Assistance and Outreach

- Support capacity to conduct outreach and provide technical assistance to private landowners
 - Increase Farm Bill program participation and conservation practice implementation among agricultural producers
 - Emphasis on farmers and ranchers in the Historically Underserved and Special Emphasis categories.
- Projects within the Neuse-Pamlico, Cape Fear and Pee Dee River Basins: Improved Soil Health on Working Lands Focal Area should be focused on providing technical assistance and outreach to increase access to and implementation of Farm Bill and other cost-share programs that support improved soil health practices.
- Projects within the Florida River Basins: Improved Grazing Lands Management Focal Area should be focused on increasing access to and implementation of Farm Bill and other cost-share programs that support effective grazing lands management.

Actions funded by this RFP – Restore and Enhance Instream and Riparian Habitat

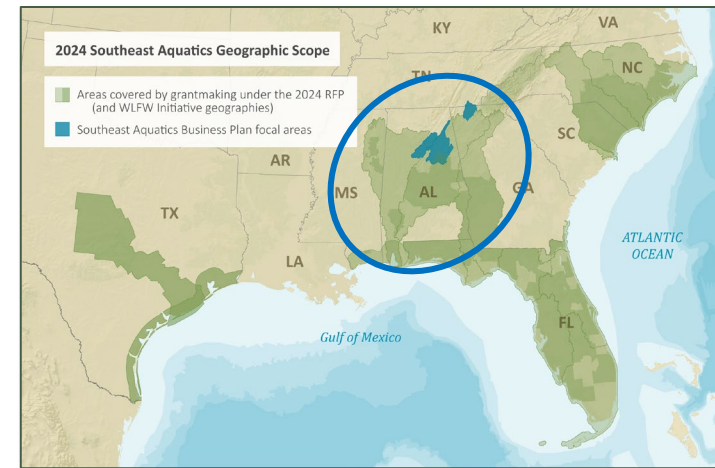

Funding Source: Various, including private

Restore wetland, streambank, and instream habitat in prioritized areas of a watershed otherwise not addressed through agricultural or forestry best management practices.

Restore connectivity for fish passage and reduce sedimentation by removing or retrofitting stream barriers and stream crossings.

Eligible River Basins:

Alabama,
Mobile-Tombigbee,
Apalachicola-Chattahoochee-Flint

Actions funded by this RFP – Assessment, Prioritization, Planning

Funding Source: Various, including private

Assess priority barriers removal to enhance target species viability and resilience.

Build on existing assessments and plans.

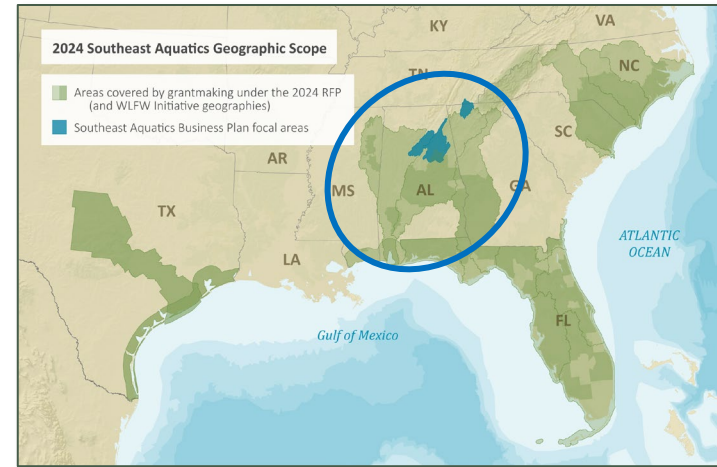

Low cost and willing landowners

Eligible River Basins:

Alabama,

Mobile-Tombigbee,

Apalachicola-Chattahoochee-Flint

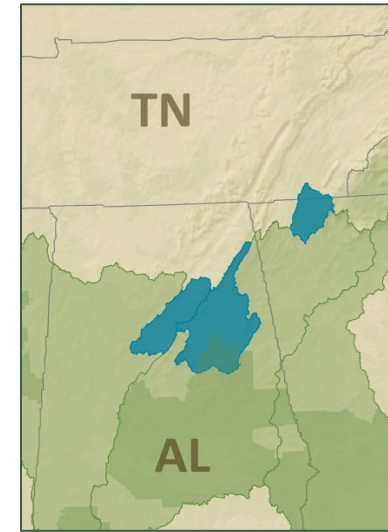

Actions funded by this RFP – *Villosa* Mussel Conservation and Focal Species Monitoring

Funding Source: Various, including private

Restore and manage for focal *Villosa* mussel species in areas of the Conasauga River watershed of suitable water quality, including to enhance populations and restore the ecosystem at a faster rate than through water quality improvements alone. Actions are in addition to habitat restoration and management activities.

Conduct monitoring to understand population status and habitat conditions for bridled and trispot darter, *Villosa* mussels (Alabama rainbow, Coosa creekshell), Black Warrior waterdog and flattened musk turtle within the Conasauga, Locust Fork and Middle Coosa watersheds.

Eligible River Basins:
Alabama,
Mobile-Tombigbee

Important Considerations

Metrics: Inclusion of metrics are required for all proposals. The RFP document describes required metrics and includes a link to a complete metrics table.

Underserved Communities: Proposals that engage and support historically underserved communities will be more competitive. Please include demographic information for your project area as instructed in the RFP.

Match: Match makes proposals more competitive. Some private sources require 1:1 match. NRCS requires 25% match. If you believe meeting match requirements will be a problem, talk to us.

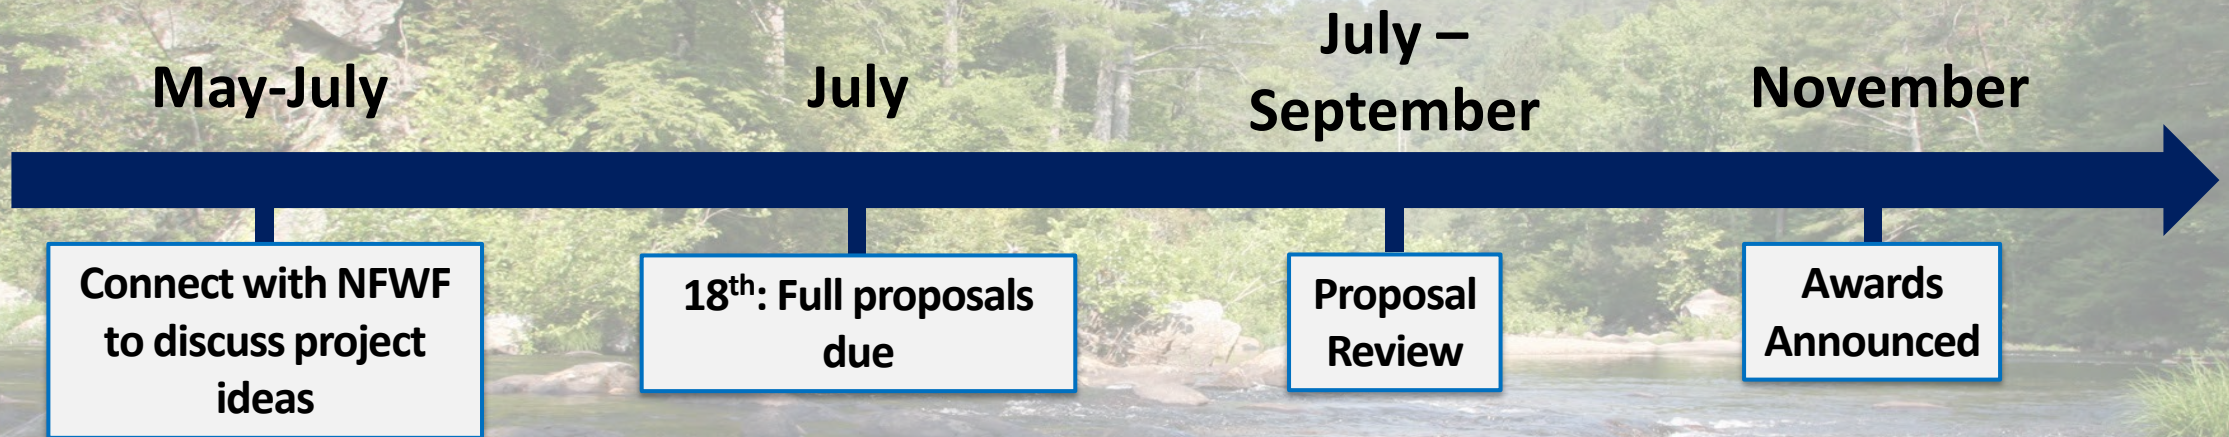

Eligibility

Eligible and Ineligible Entities

- **Eligible applicants include:** Non-profit 501(c) organizations, U.S. Federal government agencies, state government agencies, local governments, municipal governments, Tribal Governments and Organizations and educational institutions.
- **Ineligible applicants include:** businesses, unincorporated individuals and international organizations.

Program Timeline

Timeline

Dates of activities are subject to change. Please check the program page of the NFWF website for the most current dates and information.

Full Proposal Due Date

Tuesday, July 18, 2024, 11:59 pm ET

Review Period

July through September 2024

Awards Announced

November 2024

Request for Proposals:

How to Apply in Easygrants

My Tasks My Grants Profile **Apply For Funding**

[Click here to respond to an RFP or to a solicited request](#)

Listed below are the current funding opportunities accepting applications. To view more details on the Funding Opportunity, click Guidelines next to the opportunity.

- To apply to a Funding Opportunity, select the opportunity and click Continue.
- To return to the Home page, click Cancel.

If you have been provided an RFP code please click the link at the top, then enter your code. Please note that the code is case sensitive.

 Available Funding Opportunities

Once you are on your Easygrants homepage, click on “Apply for Funding”

Choose the Funding Opportunity you’re applying to.

How to Apply in Easygrants

The screenshot displays the Easygrants application interface. On the left is a vertical navigation sidebar with buttons for Home, Main, Contact Information, Organization Information, Project Information, Project Location, Map, Uploads, Metrics, Budget, Matching Contributions, Permits and Approvals, and Review and Submit. The 'Main' button is highlighted with a red border. The main content area is divided into three sections: 'Project Information', 'Instructions', and 'Validation Summary'. The 'Project Information' section shows a due date of 12/16/2021 11:59 PM ET and an Easygrants ID of 74112. The 'Instructions' section provides guidance on navigating the application and lists helpful links like Home, FAQ, Help, and Log Out. The 'Validation Summary' section is a table showing the completion status of various application pages.

Project Information

Title: Short, descriptive name indicating project purpose. (~100 characters)

Project start and end dates: Start within six months of the award announcement date and end within 24-48 months of the start date.

Description: Two sentences about primary project activities, location, outcome/metrics and relevance to conservation. (~500 characters)

- Clearly state the main activity and the method being used
- Address a specific habitat, location or species benefitted

Abstract: More detailed description including location, major activities, outcome/metrics, and partners. (~1,500 characters)

- State what your organization will do
- Provide context and background information
- Explain how the project outcomes will specifically address a conservation issue

NFWF

Map

Map your project at the finest scale by any of the three options:

Upload Shapefile

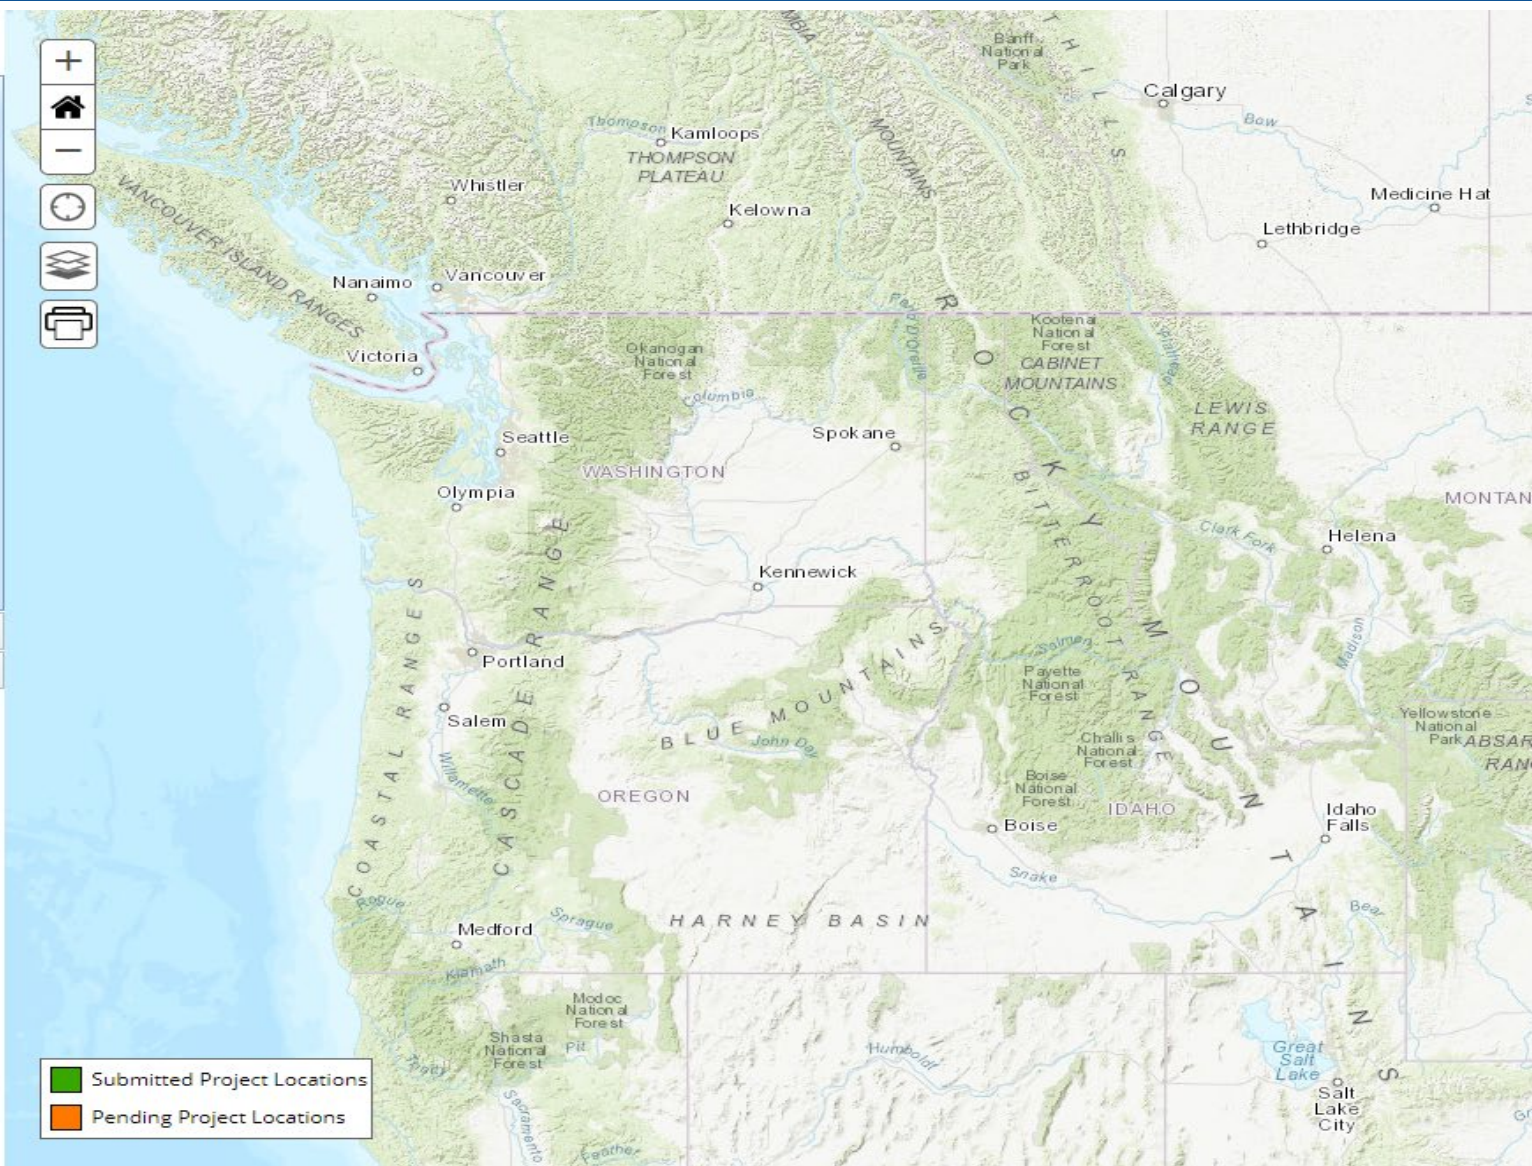

- Select a Zip file(.zip) containing a shapefile(.shp,.dbf,.prj) from your local file system.
- The shapefile must be of POLYGON geometry type.
- The shapefile must not exceed 1 MB.

Uploads - Applicant Demographic Information Form

- The information you provide will not be shared with proposal reviewers and will not be considered when making grant decisions.
- The Foundation will not share identifying information about any particular entity or project.
- While the form is a required upload, applicants can opt out of providing the information within the form itself
 - If your organization does not collect this information or if you have provided NFWF with this information in the last 12 months, you can opt out.
- The information provided on this excel form will be kept confidential, the Foundation may share its anonymized aggregate findings as appropriate with its staff, Board of Directors, funding partners, and publicly on its website or through other media.

APPLICANT DEMOGRAPHIC INFORMATION

As part of NFWF's goal to encourage and support diversity across the conservation projects we fund, we would like to better understand the existing diversity in our grantmaking community and in the local communities. To accomplish this task, we are asking organizations that we fund to assist us by providing basic information about their workforce demographics on this form.

As part of this effort to support diversity, we also desire to understand how our grantees engage with the communities where the projects take place and who in those communities might benefit from them. We ask for this information provided on this excel form will be kept confidential, although the Foundation may share its aggregate findings as appropriate with its staff, Board of Directors, funding partners, and publicly on its website. Not share identifying information about any particular entity or project. These anonymized aggregate data will be used by NFWF to better understand the demographic profiles of the organizations that we fund.

The information you provide will not be shared with proposal reviewers and will not be considered when making grant decisions.

Instructions: Complete all pertinent fields shaded in green. Your Human Resources Department may have some of the information requested readily available. Please be sure to complete the General Information section if you do not know an answer, use the "don't know/not sure" option instead of guessing. If a section does not apply to your organization you may skip it. **Do not make any other changes to this form.** You may opt out of providing this information to NFWF; however, you still **must upload this form to Easygrants** with your application and complete the first section of the form.

All applicants must complete this section, even if you have provided this data to NFWF in the past 12 months or are opting out for another reason.

If you have provided this data to NFWF in the past 12 months you do not need to provide it again but you must still complete this top section of the form and submit it with your proposal.

Narrative

- **Activities:** Elaborate on the primary activities that will be employed through the grant. Explain how these activities are expected to lead to the outcome(s). Describe how these activities relate to established plans (management, conservation, recovery, etc.) and priority conservation needs in the specific project location.
- **Threats and/or Opportunities:** Describe the threats that this project seeks to address in achieving large-scale conservation. Highlight the opportunities that this project will create in sustaining restoration and protection efforts in the geographic area in which the project will occur.
- **Outcome(s):** Elaborate on the outcome(s) summarized previously in the application; discuss what makes this outcome(s) achievable and important.
- **Implementation Strategy(ies) and Activities:** Detail the strategies and activities that will be implemented to achieve the goals of the project.
- **Tracking Metrics:** Indicate how the project will monitor/assess progress on the metrics selected previously in the application. Please note any challenges or limitations anticipated with tracking the metrics.
- **Benefits to Priority Species and Conservation Co-Benefits:** Describe how the restoration work proposed will benefit listed, at-risk and/or other wildlife species that are representative of the geographies.
- **Project Sustainability:** Describe how the project will be maintained to ensure specific ecosystem benefits are achieved and sustained over time.

Most Competitive Narrative Elements:

- Program Goals and Priorities
- Technical Merit
- Partnership
- Transferability
- Communication
- Funding Need
- Conservation Plan and Context
- Monitoring
- Long-term Sustainability
- Past Success
- Key Personnel

NFWF

Narrative - Community Impact

Describe the community(ies) where the project will take place, who will benefit from the project, and how they were or will be engaged in project development and implementation. Provide demographic information on the community(ies), including but not limited to age, race and ethnicity, poverty rates.

- Describe community characteristics of the project area and identify any communities impacted.
- Describe outreach and community engagement activities.
- Use demographic data to document (poverty statistics, school lunch data, demographic records to articulate high need or underserved communities).
 - This data can be found using:
 - **Census data**
 - **School District data**
 - **State data centers**
 - **EPA’s Environmental Justice Screening and Mapping Tool (EJSCREEN)**
 - **other sources**
 - Reach out to us if you need help finding this data

Metrics

Select Metric ✕

Show: Show All Templates ▾ Show All Strategies ▾ Search:

<input type="checkbox"/>	SEAquatics - BMP development - # mgmt plans with BMPs	?	Planning, Research, Monitoring	Recommended

<input type="checkbox"/>	SEAquatics - BMP implementation for nutrient or sediment reduction - Acres with enhanced nutrient mgt	?	Habitat Management	Recommended

Metric instruction: Enter the number of acres with managed grazing (i.e., grazing approaches to optimize stocking rates, livestock rotations, utilization rates, and plant rest and recovery, including development of grazing infrastructure). In the Notes, describe the practice.

* If none of the available metrics apply to your project, please contact NFWF to discuss

NFWF

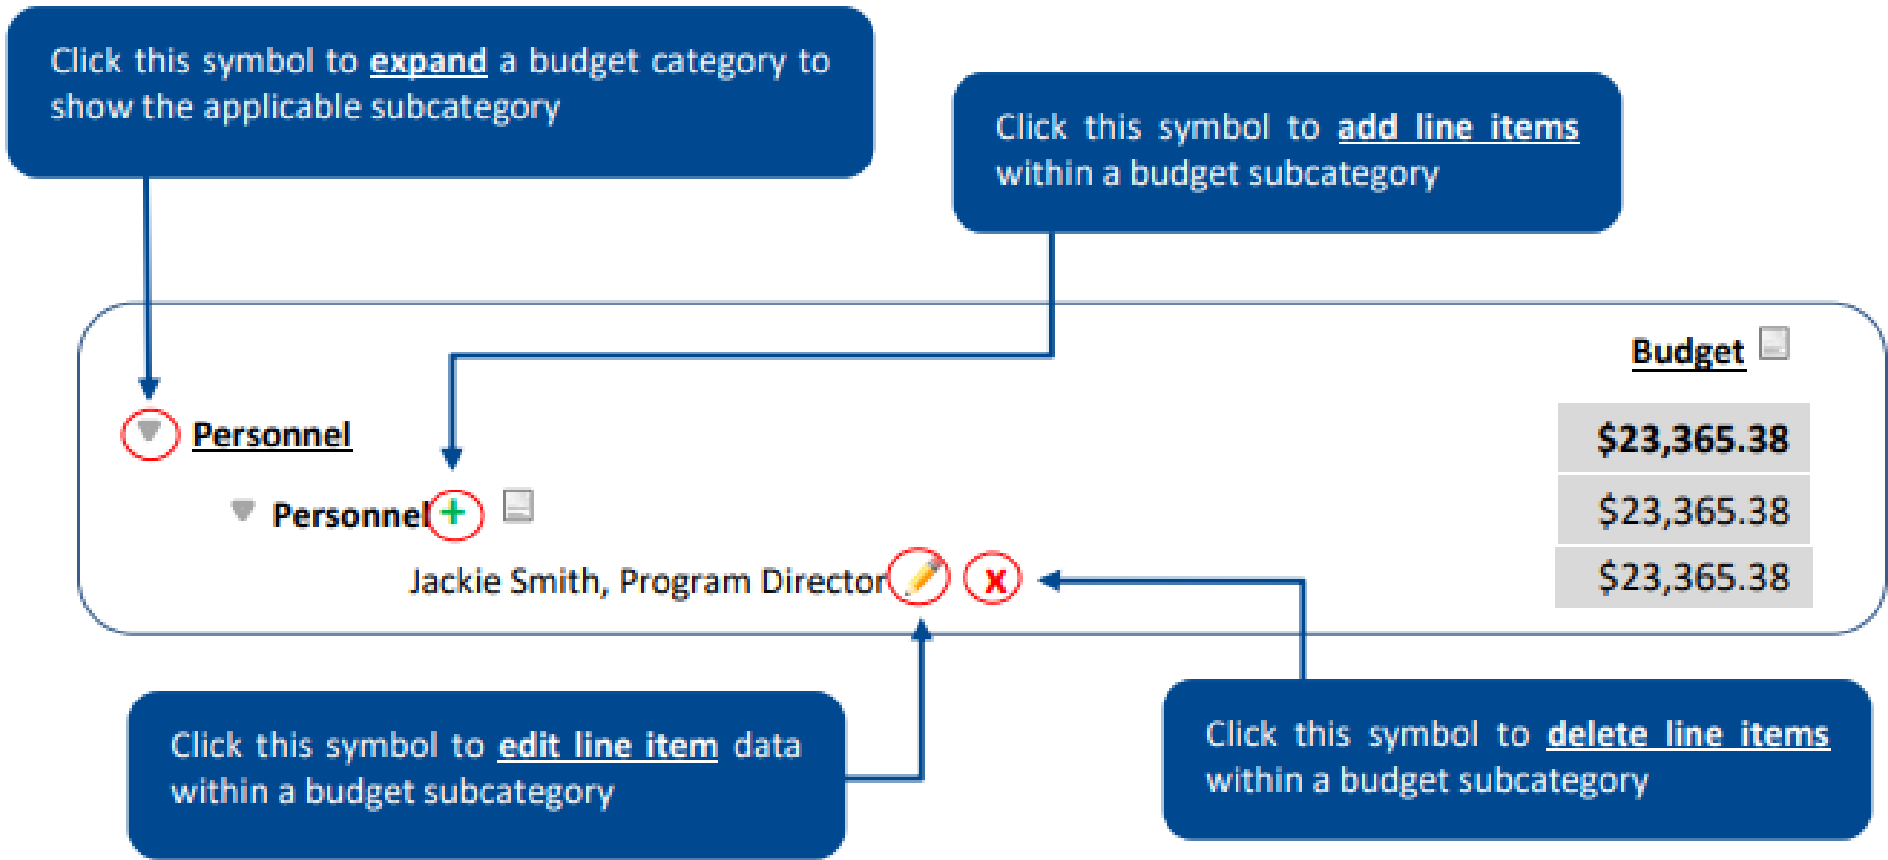

Budget

- In order to complete a budget for your proposal, you must expand the appropriate categories and provide the information requested.
- If you do not anticipate an expense for a particular category, skip that category- it is not necessary to enter a “0” value in the cost fields.
- Try to anticipate factors that may affect the budget when developing projections and provide an explanation of those factors.
- Matching contributions should not be included in the budget.

The screenshot shows a budget interface with a blue header bar labeled 'Budget'. Below the header is a button labeled 'Expand all'. The main content area displays a list of budget categories, each with a right-pointing chevron icon. The categories are: Personnel, Travel, Equipment, Materials and Supplies, Contractual Services, and Other Direct Costs. Below these are summary rows: Total Direct Costs, Total Indirect Costs, and Total Costs. To the right of the categories is a column labeled 'Budget' with a small icon, showing the value for each category. All values are \$0.00.

	Budget
> <u>Personnel</u>	\$0.00
> <u>Travel</u>	\$0.00
> <u>Equipment</u>	\$0.00
> <u>Materials and Supplies</u>	\$0.00
> <u>Contractual Services</u>	\$0.00
> <u>Other Direct Costs</u>	\$0.00
<u>Total Direct Costs</u>	\$0.00
<u>Total Indirect Costs</u>	\$0.00
<u>Total Costs</u>	\$0.00

Budget

Detailed Budget Instructions: Adding/Editing Narratives

- Narratives are required for all budgeted categories.
 - Explain/justify the estimated costs including the unit cost and quantity requested
 - Explain how the costs associated with each line item supports the implementation of the project as outlined in the proposal
- Narratives should be written in such a way that someone not familiar with the project can conceptually understand the **rationale**, **purpose** and **calculation** of the anticipated costs identified by line item.
- Narratives should be concise and describe line items in 1-3 sentences.

Figures without narrative descriptions will be returned to the applicant for further details and clarification.

Click this symbol to add a narrative within a budget subcategory

	Budget
Personnel	\$23,365.38
Personnel + [document icon]	\$23,365.38

Next, complete the narrative box as shown below:
