Phase I will involve the creation of up to a 900 foot hybrid rock revetment at the tip of Basket Flats; Phase II, the creation of 2,025 feet of hybrid living shoreline breakwaters and subtidal oyster reefs/mussel beds at Basket Flats; and Phase III, the creation of 4,600 feet of hybrid living shoreline breakwaters and oyster reefs/mussel beds at Northwest Reach. UPLOADS

To complete your application, you must upload one or more files into Easygrants. In general, please minimize the file size of your uploads, and especially files that include photos, diagrams, or logos. There is a file size limit of 15 megabytes.

- **Full Proposal Narrative:** The most important upload is your actual full proposal narrative. The **full proposal narrative template** may be downloaded from Easygrants at any time and completed at your leisure. It must be uploaded back into your Easygrants application before your application may be submitted. The narrative may not exceed five (5) pages in total length.
- In addition to the narrative, several other files should be uploaded. Following is guidance regarding all required and optional uploads:

Upload	Required	Notes
Narrative	Yes	Template provided in Easygrants online application “Uploads” section.
Project Maps	No	In addition to the Mapping Tool, please submit maps and/or diagrams of on-site work proposed, if applicable. Strongly recommended for restoration or green infrastructure projects.
Letters of Support	No	Recommended from significant partners, especially those providing matching contributions. Letters of support should not be mailed directly to NFWF. Scan all letters of support into one single file and upload the file in the “Uploads” section of your online application.
Other documents	No	Ten (10) page limit.
Statement of Litigation	Yes	Template provided in Easygrants online application “Uploads” section. Federal, state, and local government applicants are not required to complete this section.
Board of Trustees or Directors	Yes	Provide a list of members. If your organization is not a nonprofit and does not have a Board, upload a document stating that none exists.
GAAP Audited Financial Statements*	Yes	Please refer to the Required Financial Documents and FAQs webpage for details on all financial information required for submission.
IRS Form 990*	Yes	Please refer to the Required Financial Documents and FAQs webpage for details

		on all financial information required for submission.
Single Audit*	Yes	Please refer to the Required Financial Documents and FAQs webpage for details on all financial information required for submission.
Conceptual or Engineered Plans	No	Conceptual or engineering designs of green infrastructure, restoration, best management practices, and other technology or techniques that will be employed during the course of the project, if applicable.
Photos	No	Please compress photos to minimize file size.

*If your organization has recently applied to NFWF for a grant and valid information is already on file in Easygrants and is current, you will not be asked for these uploads and these categories will not appear for you in Easygrants. Also, please note that financial documents may not show a 'successfully converted' status when you are uploading them. This is because financial documents are not pulled into the full proposal PDF but are stored in a separate part of the easygrants system which can only be accessed by NFWF staff once uploaded.

METRICS

This section allows you to select the activity and outcome metrics you will use to measure your project's progress and success. Follow the directions provided in Easygrants to complete this section. A couple of pointers:

- A list of metrics associated with this program will be presented.
- Hover your mouse cursor over the "?" next to a metric to read its description and specific guidance.
- Please "Add" and complete at least one metric relevant to reporting your project's progress.
- For each metric you will need to provide values for "Starting Value" and "Target Value". In most cases the starting value will be zero (0).
- In your project narrative, you will have the opportunity to describe additional activities and outcomes associated with your project.

BUDGET

Please refer to the [Detailed Budget Instructions](#) sheet in order to accurately complete a budget for this project.

- Budgets without narrative descriptions may be rejected and/or returned to the applicant for further details and clarification.
- Narratives should be written in such a way that someone not specifically familiar with the project can conceptually understand the rationale, purpose and calculation of the anticipated costs identified.
- The "Requested Amount" in the Project Information section must match your budget grand total exactly. The budget should only represent the grant amount being requested from NFWF; it should not include matching funds or represent the overall budget for the project.
- NFWF reserves the right to evaluate the cost-effectiveness of a budget, which may include, but is not limited to, an assessment of either or both direct and indirect costs in the proposed budget.

Indirect Costs: If you intend to include indirect costs in your budget, please review NFWF's [Indirect Cost Policy](#).

- The federal government has determined that a *de minimis* 10% indirect rate is an acceptable minimum for organizations without a NICRA.
- If you are including indirect costs in your budget request, please provide a narrative description identifying what the indirect request will be supporting (e.g., CEO salary, rent for lab space central to project site, etc.).
- Indirect cost narratives should include a statement of whether the applicant has ever had a NICRA. If the applicant has a NICRA, it shall include supporting documentation.
- Budgets without narrative descriptions for indirect costs may be rejected and/or returned to the applicant for further details and clarification.

MATCHING CONTRIBUTIONS

Matching contributions (non-federal and federal) are encouraged to demonstrate broad support for the project and overall impact of the work. The ratio of matching contributions offered to grant funding requested is one criterion considered during the review process.

Match can be any combination of in cash and/or in-kind goods and services (for example external/partner services, volunteers, or grantee in-kind, materials and services donated, etc.) or other tangible contributions to the project objectives and outcomes. No priority will be given to higher cash percentages versus other sources of match. In addition, eligible indirect costs (that would not be paid with requested grant funding) may be applied as match.

More information about using indirect costs as match can be found by clicking [here](#). Full information on how to document match, including a description of acceptable sources of match, is available [here](#).

Click the “Add” button to add sources of matching contributions and list each source separately in the space provided. Match consists of the portion of project costs not paid with NFWF funds and may be in the form of cash, in-kind or volunteer contributions. Match must meet all the following criteria:

Non-federal Matching Contributions:

- Verifiable from the grantee’s records
- Not included as contributions for any other Federal award
- Reasonable and necessary for accomplishment of project or program objectives
- Committed directly to the project and used within the period of performance
- Allowable under OMB 2 CFR 200 Cost Principles

Federal Matching Contributions*:

- Verifiable from the grantee’s records
- Reasonable and necessary for accomplishment of project or program objectives
- Committed directly to the project and used within the period of performance

PERMITS and APPROVALS

If permits and/or approvals are required for this project, click the “Add” button to provide details for each permit and/or approval. Include extra information in the description section as necessary (e.g., pre-permit meeting held on Jan. 1, 2013, etc.).

REVIEW and SUBMIT

When you are ready to submit, each section of your proposal should be indicated “Complete” with a green check mark (✓) in the “Status” column. If any section is indicated “Incomplete” with a red (✗), you will not be able to submit and must go back and check your work in each section that is “Incomplete”. The Validation Status section in the Review and Submit section of the application explains why the system indicates a section is “Incomplete”.

To view and save your proposal you may click on the “View PDF” button. This function creates a composite file with all of the fields and substantive uploads, which you may then save as a stand-alone document. Please note that some of the financial documentation will be excluded from the composite file but will be received by NFWF upon submission. Once you have reviewed your proposal for accuracy, click the “Submit” button to officially submit your proposal. Upon submission, you will receive a confirmation email from Easygrants@nfwf.org.

FREQUENTLY ASKED EASYGRANTS QUESTIONS

1. How do I get back into the Easygrants online system when locked out?

Please send an email to Easygrants Helpdesk (Easygrants@nfwf.org) with your name, easygrants ID #, e-mail address, phone number, program you are applying to, and a description of the issue.

2. I forgot my Easygrants password. How do I get this information sent to me?

Please go to easygrants.nfwf.org, click the “Forgot your password?” link, enter your e-mail address as the Login ID, and click Submit. Easygrants will e-mail you a copy of your login information. Please note that the reset password link expires after 24 hours of being sent. If it has been longer than 24 hours since the initial request you will have to request another link in order to reset your password. If you are unable to log in after having attempted to reset your password please send an email to Easygrants Helpdesk (Easygrants@nfwf.org) with your name, easygrants ID #, e-mail address, phone number, program you are applying to, and a description of the issue.

3. I have finished my proposal and it is not showing up as completed.

Please remember to hit the “submit” button in the Review and Submit section of the application when you have completed the application. When a task is properly submitted in easygrants the task will no longer be visible on the user’s homepage.

4. How will I know when NFWF has received my completed application?

You will receive an automated notification from Easygrants@nfwf.org.

5. I completed the application and it will not submit. Why not?

If you are unable to submit your application, go to the Review and Submit form in the application. If any section is indicated “Incomplete” with a red (✗), there will also be an explanation as to why the system indicates the section is “Incomplete”. You must go back and check your work in each section that is “Incomplete”. Below are two examples that frequently prevent submission:

- 1) Check the Project Information section of the Easygrants online application "Requested Amount" to see if it matches your budget grand total. The amounts must match **exactly** (down to the cent) for you to be able to submit a proposal. Please edit your Requested Amount and/or budget if needed.
- 2) Do not complete sections of the budget where you have no costs. If you entered "0" for any budget line items, delete those line items. Placing a "0" in these line items will prevent you from submitting a proposal.

6. What should I do if a page crashes in Easygrants?

If you receive a System Encountered Error, it is important to follow the instructions on the page

- 1) First, click **Resume** and you should return to the previous page. Check if the action you tried to complete occurred. If the action did not complete, make a note of what page you are on and what button or link you are clicking.
- 2) Retry the action. If the system crashes again you must click the **Send an E-mail** to report the issue. This will open a Send Error Message E-mail page in a new window or tab. **Do not skip these steps and e-mail Easygrants Helpdesk yourself; we need the information in this e-mail to resolve your issue.**
- 3) In the email to Easygrants Helpdesk, please enter your name, easygrants ID #, e-mail address, phone number, and a description of what happened. The description needs to include what page you were on, what data you may have typed into the page, what button/link you clicked, and what you were trying to do.
- 4) Click **Submit** to send the message and report the error. This will be sent to the NFWF Easygrants Helpdesk along with additional technical information sent by Easygrants.

7. I need to download a copy of my submitted proposal.

To download a copy of your proposal after submitting please go to your Home screen, click the **View All Tasks** button, and find your proposal in the list of tasks. Click **View PDF** to download a copy of your proposal. If the PDF does not open or begin downloading please try again, holding the Shift or Control (CTRL) key on your keyboard to override your pop-up blocker. Please note that proposals are only available for a limited time after a cycle closes.
